J. A. ROBERTSON
Offg. Director-General of Statistics

J. WILSON
Secretary to the Government of India

Calcutta, March 24, 1904

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.**Rainfall summary for the seven days ending at 8 a.m. on Thursday, the 24th March 1904, based on the India Daily Weather Reports of the period.**

During the first three days of the week under review the weather was quiet and fine over the Indian area except in parts of the north-east. In this area thunderstorms were reported which occasioned light to moderate rain over Assam. The principal rainfall amounts recorded at this time were 2.48" at Silchar and 0.56" at Cherra Poonjee on the 18th, 0.23" at Cherra Poonjee on the 19th and 0.29" at Silchar on the 20th. After the latter date the weather without changing over Assam became unsettled and showery over North-West India and Kashmir and over the central districts of India and Malabar. The rainfall was not, however, heavy except perhaps on the last day of the week, and over the central parts of the country the showers were partial and scattered. The following were the principal amounts during these four days. On the 21st 0.13" at Dera Ismail Khan, on the 22nd 0.26" at Peshawar on the 23rd 0.64" at Cochin, 0.52" at Cherat, 0.47" at Bijapur and 0.46" at Hyderabad, and on the 24th 3.32" at Cherra Poonjee, 1.80" at Murree, 1.21" at Rawalpindi and 1.05" at Peshawar.

At the close of the week feebly unsettled conditions continued to prevail, and thunder-showers over Assam, parts of Bengal, the extreme north-west of India and the centre of south of the Peninsula promised to continue for some days.

The rainfall table shows that effective rain was received during the week over the following divisions and sub-divisions:—Narayanganj, Brahmaputra Valley, West Himalayas, the North-West Dry, Baluchistan, Raipur, Jubbulpore, Calicut, Bijapur and Hyderabad, but that elsewhere the week's rainfall was actually or practically *nil*.

The seasonal rainfall is normal over North-East India, in excess over North-West India and the south of the Peninsula, and in defect over the Deccan, the Bombay coast and Burma.

W. L. DALLAS,

for Meteorological Reporter to the Government of
and Director General of Indian Observations

J. WILSON,

Secretary to the Government of India

SIMLA:

The 24th March 1904.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 19th March 1904.

Madras.—No rain fell during the week. Irrigation supplies are insufficient in parts of Deccan and Tinnevely. Ploughing, sowing and transplanting are in progress in parts. The standing crops are generally fair. Harvests continue with fair outturn. Pasture is scanty in parts of the Circars, the Deccan, and the South Canara. Fodder is procurable. The condition of cattle is good. Prices are almost stationary.

Bombay.—There was very slight rain during the week in parts of Satara and Belgaum. The standing crops have been damaged by locusts in parts of Ratnagiri and Satara; by blight or insects in parts of Upper Sindh Frontier and Dharwar; and are generally in good condition elsewhere. Harvesting of spring crops has commenced in parts of Upper Sindh Frontier and Thar and Parkar; and continues in parts of Karachi, Ahmedabad, Broach, Surat, Khandesh, Nasik, Solapur, the Carnatic, the Konkan, and Baroda. Threshing continues in parts of Surat, Nasik, Ahmednagar, Satara and Rajkot. Cotton is slightly damaged by blight in parts of Dharwar; is in fair condition in parts of Ahmedabad; and is in good condition in parts of Larkana, Broach, Surat, Satara, Carnatic and Baroda. Picking is nearly completed in Khandesh and continues in parts of Ahmedabad, Broach, Surat, Satara, Carnatic, and Baroda. Preparation of lands for next season is in progress in parts of the Konkan, Deccan, the Carnatic, Rajkot, Wadhwan and Baroda. The fodder supply is sufficient. Agricultural stock and water-supply are generally sufficient. Prices have fallen in two districts; risen in three districts; and are stationary elsewhere.

Bengal.—Rain is reported from Darjeeling and parts of Lower Bengal and Orissa. The fall was heavy at Darjeeling, but light elsewhere. Prospects are generally good. Harvesting of spring crops and pressing of sugarcane continue. Lancing of poppy approaching completion. Ploughing and sowing are in progress. Fodder and water are generally sufficient. The price of common rice has risen in three districts, has fallen in six, and is stationary in the remainder.

United Provinces.—No rain fell during the week except a slight sprinkling in Dehra Dun and Almora. The spring crops are being harvested; and the preparation of fields for autumn crops is in progress. The pressing of sugarcane and the extraction of opium continue. The standing crops have been slightly damaged by hail in Almora, Allahabad, and Gonda. Supplies and fodder are sufficient. Prices continue stationary.

Punjab.—Good rain has fallen in Shahpur, Rawalpindi, and Mianwali and insignificant showers are reported from Umballa, Lahore, Amritsar, Sialkot, and Multan. The price of wheat is falling slightly in Jullundur, Amritsar, Rawalpindi and Mianwali, and is rising in Lahore; the prices of other food grains are fluctuating. Ploughings and sowings of extra spring crops and of sugarcane and cotton are in progress in most districts. Rapeseed is being harvested in Hissar. The condition of the standing crops is reported good in all districts except Delhi and Hissar. Unirrigated crops in Hissar were revived by the recent rainfall. Locusts appeared in the Lahore district, but did no damage. Cattle are generally in good condition. Fodder is said to be sufficient in all districts except Delhi and in parts of Rawalpindi.

North-West Frontier Province.—Rainfall of the week averaged from half an inch to over one inch. Showers have fallen in all districts, and the rain though generally beneficial has caused some injury to the irrigated crops and a break is now wanted. Sugarcane and vegetables are being sown in Peshawar. Stocks of food grains and fodder are ample. Prices are falling; and are exceptionally low for the time of year.

Burma.—There was slight rain in four Northern districts. Reaping of hill side paddy is completed in Tavoy. Cultivation of dry weather paddy is progressing in places; and reaping is commenced in Kyauhsa township of the Shwebo district. Reaping of gram and wheat and plucking of tobacco continue. Clearings on hill sides are in progress. Price of paddy has fallen slightly in six centres; and risen slightly in one centre.

Central Provinces.—The weather has been occasionally cloudy; and light showers have fallen in Nagpur, Chanda, and Balaghat. The harvesting of spring crops continues and threshing is in progress. The outturns are generally good. Slight damage by the recent

hail is reported from fifteen villages in the Hatta Tahsil in the Damoh district. Rain and cloudy weather have also caused some damage to pulses in the Jubbulpore and Mandla district. The preparation of land for autumn sowings continues. Prices of wheat and grain show a slight tendency to fall.

Assam.—Rain fell in all districts during the week. More rain is wanted for tea and early rice in Kamrup. Sugarcane pressing, ploughing for rice and jute, and sowing of early rice are in progress. Tea pruning and gathering of mustard still continue in the Surma valley. Plucking of tea is commenced in Sibsagar. The outturn of sugarcane and the prospects of tea are fair. Fodder is insufficient in parts of Sylhet and in the Hills. Water is insufficient in the Hills. Prices—common rice—Silchar and Sylhet 18; Tezpur 17; Dhubri, Gauhati, and Nowgong 16; Sibsagar 13; and Dibrugarh 12 seers per rupee.

Mysore.—Prices are steady. The standing crops are in good condition. Prospects of the season are good. Cattle are healthy except in parts of Shimoga. Water and fodder are available.

Coorg.—Prices of food grains are normal. Water and fodder are sufficient.

Hyderabad.—There was no rain during the week. Spring harvest is nearing completion and weeding of late rice continues. The standing crop is good. Lands are being prepared for autumn sowings. Prices—wheat 12½; rice 11¼; and *jawari* 31 seers per *hali* rupee.

Rajputana.—Rain fell in parts during the week. Agricultural operations are generally satisfactory. The condition of the standing crops and of cattle is generally good except the opium crop which has been damaged in parts by hailstorms. Fodder is ample. Prices are favourable.

Central India.—There was slight rain in parts of Gwalior; none elsewhere. Agricultural operations are in progress. Crops are good in Gwalior, Baghelkhand, Bundelkhand, and Bhopawar; and fair elsewhere though slightly damaged by rain in parts of Indore, Bhopal, and Baghelkhand. Agricultural stock and pasturage are generally good. Prices are normal in Gwalior, Indore, and Bagelkhand; steady in Bundelkhand and Malwa; rising in Bhopal; and falling in Bhopawar. Opium is good in Gwalior and Indore; and fair in Bhopal, Malwa, and Bhopawar.

Kashmir.—The weather is mostly bright. Prices are stationary.

Jammu.—There was slight rain during the week. Prices are stationary. Wheat sells from 14 to 20 and maize from 24 to 38 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Land is being prepared for autumn sowings.

Nepal.—There was no rain during the week. The weather is bright and clear and getting warm. The price of rice is 5½ seers for the rupee.

J. WILSON,

Secretary to the Government of India.

SUPPLEMENT TO
The Gazette of India.

No. 14. }

CALCUTTA, SATURDAY, APRIL 2, 1904.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the six days ending at 8 a.m. on Wednesday, the 30th March 1904, based on the India Daily Weather Reports of the period.

During the period under review the rainfall has been practically confined to the north-west. Showers indeed were reported from Dibrugarh, Mercara, Wellington, Chitaldroog, Ranchi, Balasore and Waltair on the 25th, from Calicut, Mercara and Wellington on the 26th, from Colombo on the 28th, and from Sibsagar, Ratnagiri and Belgaum on the 29th, but these showers were light, scattered and of no importance. On the other hand, in the north-west the weather has been showery and unsettled. Rain fell in Persia on the 28th and 29th, in Baluchistan on the 25th, 27th and 28th, and over the North-West Frontier Province and the Punjab on the 25th, 26th, 27th and 30th. The largest amounts reported were 0.51" at Cherat on the 25th, 0.71" at Dera Ismail Khan on the 26th, 1.20" at Sonemarg on the 27th, and 0.76" at Peshawar on the 30th.

The rainfall table shows that effective rain was received during the week over the West Himalayas, the North-West Dry and the Baluchistan divisions and the Lahore subdivision, but that elsewhere the rainfall was actually or practically *nil*. In Bengal and Assam where thundershowers are expected at this time, the week's rainfall was considerably short of the normal.

The seasonal rainfall is in considerable deficiency over Burma, North-East India, the north-east of the Peninsula, the Deccan and the West Coast, and is in considerable excess over a large part of North West India, the Central India Plateau, Gujarat and the south of the East Coast.

W. L. DALLAS,
for Meteorological Reporter to the Government of India
and Director General of Indian Observations

J. WILSON,
Secretary to the Government of India

SIMLA:
The 30th March 1904.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
26th March 1904.

Madras.—There was light rain in the Circars, the West Coast, the Hills and the parts of Deccan ; but none elsewhere. Irrigation supplies are insufficient in parts of Deccan and Tinnevely. Ploughing, sowing and transplanting are in progress in parts. The standing crops are generally fair. Harvests continue with fair outturn. Pasture is scanty in parts of the Circars, the Deccan, and the South Canara. Fodder is procurable. The condition of cattle is good. Prices are almost stationary.

Bombay.—There was very slight rain during week in parts of Larkana, Carnatic, and Kanara. The standing crops have been damaged by locusts in parts of Ratnagiri and Satara ; and by blight or insects in parts of Dharwar and Upper Sindh Frontier ; and are generally in good condition elsewhere. Harvesting of spring crops continues in parts of Karachi, Hyderabad, Thar and Parkar, Gujarat, Khandesh, Nasik, Sholapur, the Carnatic, Konkan, Baroda, and Wadhwan. Threshing continues in parts of Surat, Nasik, Ahmednagar, Satara, and Rajkot. Cotton is slightly damaged by blight in parts of Dharwar ; is in fair condition in parts of Ahmedabad and the Panch Mahals ; and is in good condition in parts of Larkana, Broach, Surat, Satara, the Carnatic, and Baroda. Picking is completed in Khandesh, and continues in parts of Gujarat, Satara, the Carnatic, and Baroda. Preparation of lands for next season is in progress in parts of Surat, Deccan, the Carnatic, the Konkan, Rajkot, and Wadhwan. The fodder supply is sufficient. Agricultural stock and water-supply are generally sufficient. Prices have fallen in four districts ; have risen in two districts ; and are stationary elsewhere.

Bengal.—Light showers are reported from parts of Orissa and Chota Nagpur. Prospects are generally good ; but rain is wanted in Rajshahi and Malda. Harvesting of spring crops and pressing of sugarcane are approaching completion. Collection of opium is almost over. Ploughing and sowing are in progress. Fodder and water are generally sufficient. The price of common rice has risen in three districts ; has fallen in four ; and is stationary in the remainder.

United Provinces.—Light rain has fallen in Dehra Dun, Garhwal, and Almora. The harvesting of spring crops and sowing of sugarcane continue. The extraction of opium is nearing completion. Markets are well stocked ; and prices remain stationary.

Punjab.—Rain has fallen in Shahpur, Rawalpindi, Mianwali, Amritsar, and Lahore ; and insignificant showers are also reported from Umballa, Jullundur, Ferozepore, Sialkot, and Multan districts. The prices of food-grains show a general downward tendency. Ploughings and sowings of extra spring crops, sugarcane and cotton are in progress in most districts. Sowings of melons and sugarcane are finished in Umballa. Rapeseed is being harvested in Hissar and Ferozepore. The condition of the standing spring crops is good in all districts except in Delhi, where all crops except the extra spring crops are below the average ; and in Hissar, where the unirrigated crops are fair. The yield of rapeseed crop is good in Ferozepore. The wheat crop has been slightly damaged by heavy rains in parts of Mianwali district. Cattle are generally in good condition throughout the province. Fodder is said to be sufficient in all districts except Delhi and part of Rawalpindi.

North-West Frontier Province.—Rain averaging $1\frac{1}{4}$ inches fell in all districts; the fall since 1st December has been from 2 to 3 times the average and a break with sunshine is badly needed for irrigated crops which are suffering from excess of moisture. Unirrigated crops are flourishing. Hailstorms had caused some damage to crops and fruit trees in Dikhan and Peshawar. Sowings of extra spring crops have commenced in Dikhan. Stocks of food-grains and fodder are ample. Prices are falling in Peshawar; and are rising in Dikhan.

Burma.—There was no rain during the week. Plucking of cotton is completed in two townships of the Thayetmyo district. Reaping of dry weather crops continues, and reaping of dry weather paddy has commenced in two townships of the Kyaukse district. Standing crops are in good condition. Price of paddy has risen in two districts, and has fallen in two. In Rangoon the price fell slightly.

Central Provinces.—The weather has been warm and occasionally cloudy; and light showers have fallen in 13 districts. Hailstorms passed over the Melghat Taluq in the Buldana district, but no damage is reported. The harvesting and threshing of spring crops are still in progress. The outturns are generally good. The preparation of land for autumn sowings continues in places. Slight damage has been caused by hail and rust in the Damoh district. Prices have fluctuated but slightly.

Assam.—Rain fell in the Surma Valley, Upper Assam, and the Naga Hills; rain is wanted in Kamrup and Manipur. Ploughing for rice and jute, sowing of early rice, and plucking of tea are in progress. Sugarcane pressing and gathering of mustard are nearly finished. Outturn of sugarcane is fair. Fodder is insufficient in parts of Sylhet and in the hills. Water is insufficient in the hills. Prices—Common rice—Silchar and Sylhet 18; Tezpur 17; Dhubri and Nowgong 16; Gauhati 15; Sibsagar 14; and Dibrugarh 12 seers per rupee.

Mysore.—Prices are steady. The standing crops are in good condition. Prospects of the season are good. Cattle are healthy except in parts of Shimoga. Water and fodder are available.

Coorg.—Prices of food-grains are normal. Public health fair. Water and fodder are sufficient.

Hyderabad.—There was slight rain during the week. The spring harvest is nearing completion and weeding of late rice continues. The standing crops are good. Lands are being prepared for autumn sowings. Prices—wheat 13; rice $11\frac{1}{4}$; and jawari $30\frac{3}{4}$ seers per halli rupee.

Rajputana.—Agricultural operations are satisfactory. The condition of standing crops and of cattle is generally good. Fodder is sufficient. Prices are favourable.

Central India.—No rain fell during the week. Agricultural operations are in progress. Crops are good in Gwalior, Baghelkhand, Bundelkhand, and Bhopawar; and are fair elsewhere. Agricultural stock and pasturage are generally good. Prices are normal in Gwalior, Indore, Bhopal, and Baghelkhand; are steady in Bundelkhand and Malwa; and are falling in Bhopawar. Opium is fair in Gwalior, Indore, Bhopal, Malwa, and Bhopawar.

Kashmir.—The weather is partly rainy and partly bright. Prices are stationary.

Jammu.—Good rain has fallen during the week. Prices are fluctuating. Wheat sells from 14 to 26; and maize from 20 to 30 seers per rupee. The condition of standing crops is good. Fodder is sufficient. Land is being prepared for autumn sowing.

Nepal.—There was no rain during the week. The weather is clear and warm. The price of rice is $5\frac{1}{2}$ seers for the rupee.

J. WILSON,
Secretary to the Government of India.

SUPPLEMENT TO
The Gazette of India.

No. 15. }

CALCUTTA, SATURDAY, APRIL 9, 1904.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

H. H. RISLEY,
 Secretary to the Government of India

Rainfall summary for the eight days ending at 8 a.m. on Thursday, the 7th April 1904, based on the India Daily Weather Reports of the period.

During the period under review ordinary hot weather conditions have prevailed over north-western and central India with temperature more or less above the average north-westerly and westerly winds and much dusthaze.

In other parts of the country conditions have been less settled. Moderate rain fell over Tenasserim on March 31st, the largest amount reported having been 2'35" at Mergui. On the following day, April 1st, rain continued in Tenasserim while thunderstorms had given showers both to Assam and to the west of the Peninsula but, except in Malabar, where 2'50" was reported from Trivandrum, the rainfall amounts were small. On the 2nd there were still a few scattered showers reported from the Assam Valley, but the principal rainfall was received over the west of the Peninsula where rain was moderately general and Mormugao and Belgaum reported over one inch. On the 3rd rain practically ceased over the west of the Peninsula and beyond one or two local showers fine weather continued over that region until the 7th. On the other hand, rain increased and extended over Burma and North-East India. On the 3rd and 4th the falls were insignificant but on the 5th there was a sudden extension of rain and on the 6th and 7th the fall extended over practically the whole of Burma, Assam and East and North Bengal. The largest amounts reported were 3'80" at Moulmein and 1'50" at Toungoo on the 5th, 2'94" at Rangoon and 2'03" at Moulmein on the 6th, and 3'80" at Tavoy and 3'07" at Chittagong on the 7th.

The rainfall table shows that actually or practically no rain has fallen during the period over Upper and Central India, or the Peninsula, except the west coast, but that in Burma and the north-east of India the average actual rainfall has ranged from 3'46" in the Burma coast division and 3'24" in the Narayangunj sub-division to 0'39" in the Calcutta sub-division. The rainfall over this region was considerably to largely above the average, except in the Brahmaputra Valley where it was normal.

RAINFALL DIVISION WITH REPRESENTATIVE STATION.	Rainfall sub-division named after representative station.	RAINFALL DATA FOR 8 DAYS ENDING ON 7TH APRIL 1904.			RAINFALL DATA FROM 4TH DECEMBER 1903 TO 7TH APRIL 1904.			SEASONAL TOTAL.

W. L. DALLAS,

for Meteorological Reporter to the Government of India
and Director General of Indian Observations

J. WILSON,

Secretary to the Government of India

SIMLA:
The 7th April, 1904.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
2nd April 1904.

Madras.—There was light rainfall during the week in parts of the Deccan, the Central districts, the South-West Coast and hills, elsewhere there was no rain. Irrigation supplies are insufficient in parts of the Deccan and in Tinnevely. Ploughing, sowing and transplanting are in progress in parts. The standing crops are generally fair. Harvests continue with fair outturn. Pasture is scanty in parts of the Circars, the Deccan and South Canara. Fodder is procurable. The condition of cattle is good. Prices are almost stationary.

Bombay.—There was slight rain during the week in parts of Satara, Belgaum, Dharwar and Canara, and very slight in parts of Colaba, Ratnagiri, Khandesh, Nasik, Ahmednagar, Poona Sholapur and Bijapur. The standing crops have been damaged by locusts in parts of Ratnagiri, Poona and Satara, and by blight or insects in parts of the Upper Sind Frontier, Thar and Parkar and Dharwar, and are generally in good condition elsewhere. Harvesting of spring crops has been completed in Sholapur and is in progress in parts of Sind, Ahmedabad, the Panch Mahals, Thana, Ratnagiri, Khandesh, Nasik, the Carnatic, Wadhwan and Baroda. Threshing continues in parts of Surat, Nasik, Ahmednagar and Satara and has commenced in parts of Broach. Cotton is slightly damaged by blight in parts of Dharwar; by rats in parts of Bijapur; is in fair condition in parts of Ahmedabad and Panch Mahals, and in good condition in parts of Broach, Surat, Carnatic and Baroda. Picking is completed in Satara and continues in parts of Ahmedabad, Broach, Surat, Carnatic and Baroda. Preparation of lands for next season are in progress in parts of the Upper Sind Frontier, Surat, Thana, the Deccan, the Carnatic, the Konkan, Rajkot and Wadhwan. The fodder-supply is sufficient. Agricultural stock and water-supply are generally sufficient. Prices have fallen in three districts; risen in two districts; and are stationary elsewhere.

Bengal.—Light showers are reported from parts of Darjeeling and Angul. Rain is needed in Rajshahi, Pabna and Mymensingh. Prospects are generally good. Harvesting of spring crops is nearly finished and threshing has commenced. Planting of sugarcane is going on. Ploughing and sowing are in progress. Fodder and water are generally sufficient. The price of common rice has risen in five districts, has fallen in four and is stationary in the remainder.

United Provinces.—Rain is wanted in Garhwal and Almora. Harvesting of spring crops continues. Indigo and sugarcane are being sown. The extraction of opium is almost completed. Damage to crops is reported by hail in Dehra Dun and by westerly winds in Shahjahanpur. Fodder is said to be scarce in parts of Budaun. Prices are stationary or falling slightly.

Punjab.—Rain has fallen in Shahpur and Rawalpindi, and insignificant showers are also reported from Jullundur, Ferozepore, Lahore, Sialkot, Mianwali and Mooltan. The price of wheat is rising in Delhi and Lahore, and falling in Umballa, Jullundur, Rawalpindi and Mianwali. The prices of other food-grains are generally falling. Ploughing and sowings of extra spring and autumn crops are in progress in most districts. Rapeseed is being harvested in Ferozepore and Amritsar. Reaping of spring crops has commenced in Hissar and Delhi. The condition of the standing spring crops is reported good in all districts, except in Delhi. The outturn of all spring crops in Delhi and unirrigated crops in Hissar is below average. The wheat and gram crops have been slightly damaged by hailstones in three villages of Mianwali. Locusts appeared in parts of Mooltan, but did no damage. Cattle are generally in good condition throughout the Province. Fodder is said to be sufficient in all districts, except Delhi.

North-West Frontier Province.—Showers accompanied by hail have fallen in Peshawar and Kohat. Some damage has occurred to crops from hail and high west winds, but prospects are generally excellent. Sowings of extra spring crops are in progress. Stocks of food-grains and fodder are ample. Prices are low and stationary.

Burma.—Slight rain fell in five districts of Lower Burma and in the Ruby Mines district and the Southern Shan States during the week. Reaping of paddy is still going on in the Kyunhla township of the Shwebo district and gathering of peas is in progress in Sagaing and Myingyan. The state of the standing crops is unchanged. The price of paddy has risen slightly in Rangoon, Bassein, Thaton and Tavoy and has slightly fallen in Prome, Maubin and Amherst. In Upper Burma prices are stationary.

Central Provinces.—The weather has been hot and occasionally cloudy, but there has been no rain. The harvesting of spring crops is approaching completion. Threshing and winnowing operations are in progress. The estimated outturns are generally normal, except in Damoh and Narsinghpur, where the outturn of wheat is slightly above normal. Slight damage to *mahua* is reported from Balaghat. The preparation of land for autumn sowings continues in places. Prices have generally fallen, but show a tendency to rise in the Chanda and Basim districts.

Assam.—There was some rain during the week, but more is wanted in Kamrup and Manipur. Ploughing for rice and jute, sowing of early rice and plucking of tea are in progress. Sugarcane pressing and gathering of mustard are nearly finished. The outturn of sugarcane is fair. Prospects of tea are good. Fodder is insufficient in Sylhet, Kamrup and the hills. Water is insufficient in the hills. Prices—common rice—Silchar and Sylhet 18; Dhubri, Tezpur and Nowgong 16; Gauhati 15; Sibsagar 14; and Dibrugarh 12 seers per rupee.

Mysore.—Slight rain has fallen in all parts of the Province. Prices are steady. The standing crops are in good condition. Prospects of the season are good. Cattle are healthy. Water and fodder are available.

Coorg.—Rainfall 33 cents. Coffee is in blossom. Prices of food-grains are normal. Water and fodder are sufficient.

Hyderabad.—There was no rain during the week. The spring harvest is almost over in parts. Late rice weeding continues in some places and the harvest has commenced. Prices—wheat 13½, rice 11½ and *jowar* 30½ seers per *halli* rupee.

Rajputana.—Agricultural operations are satisfactory. The condition of the standing crops and of cattle is generally good. Fodder is sufficient. Prices are favourable.

Central India.—There was no rain during the week. Agricultural operations are in progress everywhere. Crops have been damaged in places in Bhopal and are in fair to good condition elsewhere. Agricultural stock is indifferent in parts of Gwalior and Indore and good elsewhere. Prices are normal in Indore, Bhopal and Baghelkhand and Gwalior, except in pargana Dhodhar where they continue low; they are steady in Bundelkhand and Malwa and stationary in Bhopawar. Opium is in bad condition in Bhilsa, indifferent in Bhind, good in Narwar and Isagarh parganas of Gwalior and fair in Indore, Bhopal and Malwa. Extraction is almost finished in Bhopawar.

Kashmir.—The weather is bright. Prices are stationary.

Jammu.—There was no rain during the week. Prices are falling. Wheat sells from 18½ to 28 and maize from 24 to 30 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Land is being prepared for autumn sowings.

J. WILSON,

Secretary to the Government of India.

SUPPLEMENT TO
The Gazette of India.

No. 16. }

CALCUTTA, SATURDAY, APRIL 16, 1904.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

B

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 a.m. on Thursday, the 14th April 1904, based on the India Daily Weather Reports of the period.

Over the more central parts of the country, including the south of the North-West Dry Area, Gujarat, the West Gangetic Plain, the Central India Plateau and the greater part of the Satpuras as well as over the east of the Peninsula ordinary hot weather conditions have prevailed during the week under review with high temperatures, fine weather and low humidities.

In other parts of the Indian region the weather has been more or less unsettled. Very strong southerly and south-westerly winds have prevailed on the Bay Coasts and have poured much moisture into north-east India, where thunderstorms and nor'-westers have been frequent and fairly severe. On the 8th the rainfall was heaviest on the Burma Coast—Chittagong reporting 5·24", Akyab 2·52" and Moulmein 1·73". On the 9th the rainfall extended into Assam, but the falls were less heavy, the largest amount registered having been 1·10" at Sibsagar. On the 10th and 11th the fall was general over Upper Burma, Assam, the Delta of Bengal and part of the East Sub-Himalayas, the heaviest amounts on these two days having been 2·06" at Mandalay, 2·07" at Narayanganj and over 1·00" at Chittagong, Barisal, Saugor Island, Jessore, Shillong, Jalpaiguri and Dinajpur on the 10th and 2·88" at Barisal, 2·47" at Jessore, 2·18" at Chittagong, 1·99" at Cherra Poonjee and about 1·50" at Berhampore, Dibrugarh and Gauhati on the 11th. During the 12th, 13th and 14th the rainfall area contracted and rain gradually fell off and ceased over Burma and Lower Bengal, though it continued to fall over Assam and North Bengal. The principal rainfall amounts were 2·38" at Cherra Poonjee and 2·37" at Jessore on the 12th; 5·00" at Silchar, 3·05" at Sibsagar and 2·31" at Cherra Poonjee on the 13th; and 4·59" at Cherra Poonjee, 4·08" at Dibrugarh and 2·79" at Silchar on the 14th.

In North-West India the weather has been disturbed by a series of depressions which have apparently formed over Baluchistan and thence travelled north-eastward or east-north-eastward through Upper India. They have occasioned squally weather and duststorms over the plains and slight thunderstorms on and near the hills. The heaviest fall of rain connected with these disturbances was 0·59" at Chakrata on the 9th. In Kashmir the weather has also been disturbed and rain and snow have fallen.

Thunderstorms have given scattered showers to parts of Malabar, South India and the Deccan on most days of the week. On the 11th Tinnevely reported a fall of 1·07" and Mysore of 1·24", but these were the largest falls measured in this locality.

The rainfall table shows that rain was received during the week over Burma, the Delta of Bengal, the Brahmaputra Valley and the Dinajpur, Burdwan, Simla, Cuttack, Ranchi, Calicut, Bellary, Mysore and Madura subdivisions, but that elsewhere the weather was actually or practically rainless. The week's rainfall was much heavier than usual over Burma and North-East India—more particularly in the Narayanganj subdivision.

W. L. DALLAS,

for Meteorological Reporter to the Government of India
and Director General of Indian Observatories.

J. WILSON,

Secretary to the Government of India.

SIMLA:
The 14th April, 1904.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
9th April 1904.

Madras.—The rainfall of the week was fair in the Nilgiris, light in central parts of the Deccan, the South and West Coast, but there was no rain elsewhere. Irrigation supplies are insufficient in parts of Kistna, the South Deccan and South Canara. Ploughing, sowing and transplanting are in progress in parts. The standing crops are generally fair. Harvests continue in parts with fair outturn. Pasture is scanty in parts of the Circars, the Deccan and South Canara. The condition of cattle is good. Prices are almost stationary.

Bombay.—There was very slight rain during the week in parts of Ratnagiri, Kanara, Belgaum and Dharwar. The standing crops have been damaged by locusts in parts of Ratnagiri, Ahmednagar, Poona, Sholapur, Satara and Belgaum, and are generally in good condition elsewhere. The harvesting of spring crops is completed in Colaba and is in progress in parts of Sind, Ahmedabad, the Panch Mahals, Kaira, Thana, Khandesh, Nasik, the Carnatic, Wadhwan and Baroda. Threshing continues in parts of Broach, Surat, Nasik, Ahmednagar and Baroda. Cotton has been damaged by blight in parts of Dharwar, is in fair condition in Ahmedabad and the Panch Mahals and in good condition in Kaira, Broach, Surat, the Carnatic and Baroda. Picking continues in parts of Gujarat, Carnatic and Baroda. Preparation of lands for next season continues in parts of Karachi, the Upper Sind Frontier, Surat, Thana, the Deccan, the Carnatic, Konkan, Rajkot and Wadhwan. The fodder-supply is sufficient. Agricultural stock and water-supply are generally sufficient. Prices have fallen in four districts; risen in three districts; and are stationary elsewhere.

Bengal.—Rain is reported from the greater part of Bengal Proper, from six districts in Bihar, from the district of Balasore and also from all the districts in Chota Nagpur. The fall was heavy in East and South Bengal, elsewhere it was light. The recent rain has generally facilitated the agricultural operations, but the excessive fall in the districts of the Chittagong division has caused some damage to the spring crops there. Cultivation of land is being vigorously pushed on. Sowing of paddy and jute is in progress. Prospects are generally good. The price of common rice has risen in seven districts, fallen in six and is stationary in the remainder.

United Provinces.—Rain has fallen in seventeen districts accompanied by a slight fall of hail in Moradabad. The harvesting of spring crops is nearing completion and threshing and winnowing have commenced. The sowing and irrigation of extra crops and sugarcane continue. Opium weighments have begun in places. Fodder continues to be scarce in parts of Budaun. Supplies are adequate and prices are almost stationary.

Punjab.—Very light showers have been reported from parts of Umballa and Rawalpindi and the prices of food-grains show a downward tendency in the districts of Hissar, Delhi and Ferozepore, elsewhere they are unchanged. Sowings of extra spring crops and of sugarcane and cotton are in progress in most districts. Reapings of spring crops continue in Hissar and Delhi and have commenced in some other districts. Reaping of the rapeseed crop is finished in Ferozepore. The condition of the standing crops is reported good in all districts, except in Delhi. The outturn of all spring crops in Delhi and of unirrigated crops in Hissar is below average. Cattle are generally in good condition throughout the Province. Fodder is said to be sufficient in all districts.

North-West Frontier Province.—Showers have fallen in Peshawar and Hazara. Some damage has been done to crops by hail in Peshawar, but prospects are generally excellent. Sowings of extra spring crops are in progress. Stocks of food-grains and fodder are ample. Prices are low and stationary.

Burma.—Slight showers of rain have fallen in several districts of Lower and Upper Burma. Ploughing for and sowing of dry weather paddy continue in Minbu, Katha and in the Lower Chindwin districts. Clearing on hill sides is in progress in the Ruby Mines district. The state of the standing crops is unchanged. Price of paddy has risen slightly in Rangoon, Prome, Maubin, Bassein, Myaungmya, Mandalay and Minbu, and has fallen slightly in Tavoy.

Central Provinces.—The weather continues to be hot and cloudy in parts. A dust-storm gave slight rain in Sambalpur. The harvesting of winter crops has been completed in places. Threshing and winnowing operations are in full swing. The outturns are generally good. The preparation of land for autumn sowings is in progress. Some damage has been caused by cloudy weather and storms to the *mahua* crop in the Bhandara district. Fodder is sufficient, but is getting dear in Nagpur and Akola. Prices have fallen in the Nimar and Chanda districts.

Assam.—Rain has fallen in all districts, but more is wanted in Kamrup. Ploughing for and sowing of rice and jute and plucking of tea are in progress. Sugarcane pressing is nearly finished. Reaping of lowland rice in Sylhet has commenced. The outturn of sugarcane is fair. Prospects of tea are good. Fodder is insufficient in places. Prices—common rice—Silchar and Sylhet 18; Dhubri and Tezpur 16; Gauhati and Sibsagar 15; Nowgong 14; and Dibrugarh 12 seers per rupee.

Mysore.—There was slight rain in parts during the week. Prices are steady. The standing crops are in good condition. Prospects of the season are good. Cattle are healthy. Water and fodder are available.

Coorg.—Rainfall of the week 2 inches 7 cents. Prices of food-grains are normal. Water and fodder are sufficient.

Hyderabad.—There was no rain during the week. The spring harvest is nearly completed. Late rice is good and harvest continues in parts. Lands are being prepared for autumn sowings. Prices—wheat 13½, rice 11¼ and *jowar* 30¾ seers per *halli* rupee.

Rajputana.—Agricultural operations are satisfactory. The condition of the standing crops and of cattle is generally good. Fodder is sufficient. Prices are favourable.

Central India.—There was no rain during the week. Agricultural operations are in progress everywhere. The crops have been damaged in parts of Bhopal, and are in fair to good condition elsewhere. Agricultural stock and pasturage are generally in fair to good condition, but pasturage is indifferent in Gwalior. Prices are low in one pargana of Gwalior; normal in the rest of the State and in Indore, Bhopal and Baghelkhand; and steady in Malwa and Bhopawar. The opium crop is bad in the Bhilsa pargana of Gwalior, good to indifferent in other parts of the State, fair in Indore where tapping has been completed and gathering is in progress; fair also in Bhopal and Malwa. Extraction is almost finished in Bhopawar.

Kashmir.—The weather is bright. Prices are stationary.

Jammu.—There was rain during the week accompanied with lightning and hail. Prices are fluctuating. Wheat sells from 14 to 27 and maize from 24 to 37 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Land is being prepared for autumn sowings.

Nepal.—Rainfall 1·85 inches. The weather has been cloudy and cool. The price of rice is 5½ seers for the rupee.

J. WILSON,
Secretary to the Government of India.

Printed and published for the GOVERNMENT OF INDIA *at the* GOVERNMENT CENTRAL PRINTING OFFICE, Simla.

SUPPLEMENT TO
The Gazette of India.

No. 17. }

CALCUTTA, SATURDAY, APRIL 23, 1904.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA
